5. (Unclassified - DFM) LIAISON Called Anne Karalekas, on the staff of the Senate Select Committee on Intelligence, regarding her request for the names of the DDI office and division chiefs. I told her the subject of how the Committee might proceed to evaluate the Agency's intelligence production and analysis was to be the subject of a meeting next week between Bill Miller, Staff Director, and Mr. Knoche, and that we would hold off on her request until overall ground rules had been agreed to. This was quite satisfactory to her.

✓ 6. (Unclassified - WPB) LEGISLATION Talked to Jim Oliver, OMB, at length concerning DOD's views on our two deputies legislation. I explained our position and told him that we would try to get him a report by the end of the day. I also talked to Hilda Schreiber, also of OMB, and she suggested that we include with our views letter a clean text for the draft bill reflecting technical changes.

7. (Unclassified - WPB) LEGISLATION Tom Smeeton, House International Relations Committee staff, came to Headquarters to have lunch with George Cary, [redacted] and me. We discussed prospects for oversight legislation in the House and provided him with a lot of material on oversight legislation, including comparative charts on all House oversight bills and summaries and critiques of various bills. 8. (Unclassified - RJK) INTELLIGENCE BRIEFING Received a call from Charles Sorrell, at the Congressional Budget Office, who requested a briefing for sometime during the period 9-13 August. The subjects he would like covered are: an overview of trends in the military capabilities of North and South Korea, the People's Republic of China, and the Soviet Union, especially with respect to Sino-Soviet border problems. He is also interested in the growth of the Soviet naval fleet, especially the Pacific fleet and its patrol patterns and mission. Sorrell said he would like a separate briefing on the political, military, and economic situation in Indonesia, the Philippines, and Australia. He also requested any information we might have on an economic analysis of East Asia, especially with respect to trade and investment with emphasis on Japan. I told Sorrell I would wait for his call in early August to set a specific date. In the meantime, [redacted] OCI, was alerted STAT and will begin to set up the briefing.
